FOR DISASTERS

A DISASTER PREPAREDNESS ACTIVITY BOOK

Special Note to Parents and Guardians, Teachers and Leaders

Remember to learn about the emergency plans that are in place at your child's school, childcare facility or other places where your child stays when not with you. Contact the school principal's office, childcare facility or responsible adult to find out how evacuations and other emergency procedures will be handled while your child is in their care. Also, make sure to **always** keep up-to-date emergency contact information on file at the school or with the adult caring for your child.
