31(1)(d)(iii) rw 31(6)+17(3)	Failure to comply with the notice to restrict or prohibit the use or manner of use or disposition of an appliance by means of which water is used or consumed, or the connection of such appliances to water installation.	5000	5000	105509
31(4)(a) rw 31(6)+17(3)	Failure to install measurement devices and devices for restricting the flow of water, to ensure compliance with a public notice published in subsection 31(1)	5000	5000	105517
32(2) rw 17(3)	Failure to pay the prescribed charge for the cutting off or restriction and the restoration of the water supply	2000	2000	105525
33(3) rw 17(3)	Failure to pay the prescribed charges for both the interruption and restoration of the water supply when making request for the interruption thereof	2000	2000	105533

35(4)(a) rw 17(3)	Failure to provide a place satisfactory to the Executive Director in which to install the water meter	2000	2 000	105541
35(4)(b) rw 17(3)	Failure to ensure that there is unrestricted access available to the water meter at all times	1500	1 5 00	105559
35(4)(c) rw 17(3)	Failure to take responsibility for the protection of the water meter	2000	2 000	105567
35(4)(d) rw 17(3)	Failure to ensure that no connection is made to the pipe in which the water is installed, between the water meter and the connection pipe servicing the installation	5000	5 000	105575
35(4)(e) rw 17(3)	Failure to make provision for the drainage of water, which may be discharged from the pipe in which the water meter is installed in the course of work done by the municipality on the water meter; as well as groundwater and storm water	1000	1 000	105583
35(5) rw 17(3)a)	Disconnecting a water meter and its associated apparatus from the pipe in which they are installed	5000	5 000	105591
35(5)(b) rw 17(3)	Breaking a seal which the municipality has placed on a water meter	5000	5 000	105606
35(5)(c) rw 17(3)	Interfering with a water meter and its associated apparatus	5000	5 000	105614
35(7) rw 17(3)	Failure to pay the prescribed availability charge for the use of	1000	1 000	105622

	water meter supplied by the municipality				
37(5) rw 17(3)	Failure to pay the prescribed charge for the attendance of the officer who connected the water meter and the standpipe to a hydrant,	2000	2000		105630
37(6)(a) rw 17(3)	Failure to take responsibility for the safe-keeping and the proper use water meter and standpipe	5000	5000		105648
37(6)(b) rw 17(3)	Failure to return the water meter and standpipe forthwith if it is damaged or become defective	5000	5000		105656
37(6)(c) rw 17(3)	Failure to make the water meter and standpipe available for reading purposes before the seventh day of each month or at such other intervals as the Executive Director may prescribe	2000	2000		105664
37(6)(d) Rw 17(3)	Failure to return the water meter and standpipe to the municipality on the termination of the agreement for supply	5000	5000		105672
37(7) rw 17(3)	Failure to pay the prescribed availability charge for the use of the water meter supplied by the municipality	2000	2000		105680
41 rw 17(3)	Failure to install the water meter for each unit of premises in separate occupation when requested to do so by Executive Director	1000 per unit	1000		105698
42(1) rw 17(3)	Failure to obtain the municipality's written approval before the	2000	2000		105703

	installation work is done				
42(3) rw 17(3)	Engaging a person who is not a qualified plumber to undertake the installation work without supervision.	2000	2000		105711
42(5) rw 17(3)	Failure to make available a complete set of approved drawings of installation work at the site of the work	2000	2000		105729
42(7)(a) rw 17(a)	Failure to rectify the contravention of subsection 24(1),(2)&(3) within a specified period when requested to do so	5000	5000		105737
42(7)(b) rw 17(3)	Failure to cease the work that was done in contravention of subsection 42 (1), (2)&(3) when requested to do so	5000	5000		105745
42(7)(c) rw 17(3)	Failure to remove work which does not comply with section 42	5000	5000		105753
45 rw 17(3)	Failure to make available on the site of the work, a complete set of approved drawing of installation work at all times until receipt by the Executive Director of the certificate of occupancy	1000	1000		105761
47(1)(a) Rw 17(3)	Failure to employ a contractor to pressure test his water installation in compliance with section 9.2.2 of SABS 0252-1:1994 when requested to do so by Executive Director	3000	3000		105779
47(1)(b) rw 17(3)	Failure to employ a contractor to disinfect his water installation in compliance with section 9.3 of SABS 0252-1	2000	2000		105787

	:1994 when requested to do so by Executive Director			
47(3) rw 17(3)	Failure to submit to the Executive Director the certification that the installation work complies with SABS 0252-1	2000	2000	105795
48(1) rw 17(3)	Using a water installation or portion thereof for purposes other than for building purposes, without certificate of occupancy issued by the Executive Director	2000	2000	105800
49(1) rw 17(3)	Failure to provide and maintain water installation	1500	1500	105818
49(2) rw 17(3)	Failure to obtain the written consent of the municipality or the owner of the land before doing work in connection with the maintenance of a portion of his or her water installation, which is situated outside the boundary of his or her premises	1000	1000	105826
50(1) rw 17(3)	Installing or using a pipe or water fitting, which is not included in the JASWIC list of accepted water components kept by the Executive Director and not in accordance with conditions imposed in terms of section 50(2)	1000	1000	105834
53(1) rw 17(3)	Designing water installation otherwise than in accordance with requirements of SABS 0252-1	2000	2000	105842
53(2) rw 17(3)	Failure to install hot water storage heater in accordance with the	2000	2000	105850

	requirements of SABS 0254			
53(3) rw 17(3)	Failure to provide storage of minimum volume of water to be used for purposes other than fire fighting or air conditioning, in accordance with section 7.4 of SABS 0252-1:1994	2000	2000	105868
53(4) rw 17(3)	Making the design of booster pumps in building that does not comply with section 6.1.2 of SABS 0252-1:1994	2000	2000	105876
54(1) rw 17(3)	Installing pipes not in compliance with section 8.4 of section 6.1.2 of SABS 0252-1:1994	2000	2000	105884
54(2)(a) rw 17(3)	Using a water pipe when the use thereof is prohibited by the Executive Director	1500	1500	105892
54(2)(a) rw 17(3)	Failure to apply the protective measures when requested to do so by the Executive Director when he or she finds that the water pipes or fitting is not suitable in a particular situation	1000	1000	105907
54(3) rw 17(3)	Failure to make acceptable means of identification for different water installations on premises or where practical, identify them by means of the colour code system contained in SABS 0140	1000	1000	105915
55(1) rw 17(3)	Failure to install isolating valves in compliance with section 6.1.3 of SABS 0252-1:1994	1000	1000	105923

55(2) rw 17(3)	Failure to install an isolating valve at a point the Executive Director deem fit when request to do so	1000	1000	105931
56(1) rw 17(3)	Installing water storage tanks that do not comply with section 5.4.6 of SABS 0252-1:1994	3000	3000	105949
56(2) rw 17(3)	Failure to install a sampling tap in a tank storing potable water, at a point not more than 150 millimetres or less than 50 millimetres above the internal floor of the tank, when requested to do so	1000	1000	105957
57(1) rw 17(3)	Failure to have a storage tank drained inspected and disinfected by a plumber, not less than once in every three years	2000	2000	105965
57(2)(a)(b) rw 17(3)	Failure to have the tank drained and inspected when requested to do so by the Executive Director.	2000	2000	105973
57(3) rw 17(3)	Failure to clean and disinfect the tank that was drained and inspected, in accordance with section 9.3 of SABS 0252-1:1994 before returning it to use	2000	2000	105981
57(4) rw 17(3)	Failure to have the inlet control valve and overflow warning device inspected and serviced by a plumber every twelve months	1500	1500	105999

57(5) rw 17(3)	Failure to maintain a permanent record of all inspections carried out in terms of this by-law and the particulars of the plumbers who did the work together with details of the work done	2000	2000	106000
58(1) rw 17(3)	Failure to provide pumping connection in the inlet pipe servicing the storage tank on buildings from which the occupants cannot readily be removed in the event of an interruption of water supply	1000	1000	106018
58(3) rw 17(3)	Failure to place the connection at an approved position outside the building	1000	1000	106026
59(1) rw 17(3)	Installing fitted water heaters that do not comply with SABS 151 and not in compliance with Annex A of SABS 0252-1:1994	3000	3000	106034
59(2) rw 17(3)	Failure to comply with SABS 0106 and Annex A of SABS 0252-1:1994 when installing solar water heater	3000	3000	106042
60, rw 17(3)	Exceeding the maximum discharge water temperatures allowed from hot water system	1500	1500	106050
61 rw 17(3)	Failure to take measures to prevent back siphonage between hot and cold water in a water installation	1500	1500	106068
62 rw 17(3)	Failure to provide strainers in compliance with section 6.1.5 of SABS 0252-1:1994	1500	1500	106076

63 rw 17(3)	Connecting water fitting that causes damage to the water supply system because of pressure surges contained therein.	1500	/500	106092
64(1) rw 17(3)	Installing a water pipe with a diameter less than that required for the proper functioning of water installation or exceeding rate of flow specified in section 7.2.1.2 of SABS 0252-1:1994	1500	/500	106092
64(2) rw 17(3)	Failure to maintain the diameter of a pipe to the point or points where the volume is required	1500	/500	106107
65(1)(a) rw 17(3)	Permitting the purposeless or wasteful discharge of water from terminal water fittings;	2000	2000	106115
65(1)(b) rw 17(3)	Allowing pipes or water fittings to leak	2000	2000	106123
65(1)(c) rw 17(3)	Permitting the use of maladjusted or defective water fittings	2000	2000	106131
65(1)(d) rw 17(3)	Permitting an overflow of water to persist	2000	2000	106149
65(1)(e) rw 17(3)	Allowing the inefficient use of water to persist	2000	2000	106157
65(2) Rw 17(3)	Failure to repair or replace water installation that either causes or is likely to cause an occurrence listed in section 65(1)	2000	2000	106165
65(4) Rw 17(3)	Failure to ensure that equipment or plant connected to his her water installation uses water in an efficient manner	1500	/500	106173

65(5) rw 17(3)	Using inefficient equipment in water installation when prohibited to do so by a written notice	1500	/500	106181
65(6)(b) rw 17(3)	Failure to cease wasteful/unlawful use of water when ordered to do so	3000	3000	106199
66 rw 17(3)	Allowing water used as a heat exchange medium supplied from a water installation, to run continuously to waste	5000	5000	106204
67(1) rw 17(3)	Using a pipe containing more than 4 litres to convey hot water directly from a fixed water heater or from the point of draw-off from hot-water circulating system, to a terminal water fitting	2000	2000	106212
67(2)(a) rw 17(3)	Failure to make a central hot-water system circulating and to insulate it with material which is coefficient of thermal conductivity of not more than 0,04 watt per metre degree Celsius	1500	/500	106220
67(2)(b) rw 17(3)	Failure to make a central hot-water system circulating and to insulate it with material which is of such thickness that the temperature at its external surface is not more than 6 degrees Celsius above the ambient temperature	1500	/500	106238

67(3) rw 17(3)	Failure to ensure that the electrical heating element of a fixed water heater with a capacity of more than 500 litres is removable without loss of water from the heater	1500	1500	106246
68 rw 17(3)	Failure to install terminal water fitting in position and in a manner that the discharge of water therefrom can be readily seen and water discharged cannot directly enter a gully	1000	1000	106254
69 rw 17(3)	Failure to carry the primary overflow pipe from a water-closet cistern through the outside wall	1000	1000	106262
70(1)(a)(b) rw 17(3)	Failure to ensure that a flushing device serving a water-closet pan or urinal is actuated manually by a person using it or non-manually by means of an approved apparatus which causes the flushing device to operate after each use	1500	1500	106270
70(2) rw 17(3)	Failure to ensure that a flushing device serving a water-closet pan is not capable of discharging more than 9,50 litres of water during one complete flush, and that a device is connected to a type of water-closet pan in which the trap is cleared in one flush	2000	2000	106288
70(3) rw 17(3)	Failure to ensure that a non-manually operated flushing device is so designed that if it malfunctions no flush will take place	2000	2000	106296

70(4) rw 17(3)	Using automatic cistern or tipping tank for flushing a urinal	3000	3000	106301
70(5) rw 17(3)	Failure to provide separate flushing devices for each wall-mounted urinal, stall urinal and 1,8 metre length of slab urinal	1500	1500	106319
70(6) rw 17(3)	Failure to ensure that a flushing device serving a urinal is not capable of discharging more than 2litres or less than 1 litres of water during one complete flush	1000	1000	106327
71(1) rw 17(3)	Failure to have each wash basin in a battery of three or more, fitted with a metering type of tap, which limits the discharges of water in each usage to not more than 1 litre	1000	1000	106335
71(2) rw 17(3)	Failure to ensure that each shower in a battery of two or more showers is fitted with a metering valve which must limit the discharge of water in each usage to not more than 2,5 litres	1000	1000	106343
72 rw 17(3)	Installing a terminal water fitting outside a building, on premises that are not for residential purposes	1500	1500	106351
73 rw 17(3)	Failure to ensure that commercial vehicle washing facility is constructed and operated in a manner that 60 per cent of the potable water used by such facility is recycled for reuse in the facility	5000	5000	106369

74 rw 17(3)	Operating a gate, door or similar device using a mechanism that requires the use of potable water under pressure such that the potable water use is discharged to waste	3000	3 000	106377
75 rw 17(3)	Using water derived from kitchen or toilet discharge for recycling purposes or engaging in grey water practice that do not meet the requirements of SABS 0323	2000	2 000	106385
76 rw 17(3)	Failure to provide and maintain approved measures to prevent the entry of a substance that may adversely affect the potability of water, into the water supply system, any part of the water installation on his or her premises	3000	3 000	106393
77(1) rw 17(3)	Failure to provide and maintain approved measures which will prevent the backflow of water in case of fires, combined installation, or general installation	2000	2 000	106408
