To the High Court of South Africa.

We, the undersigned, stand in solidarity with the victim, Cwecwe from Matatiele and demand justice for the heinous crime committed against her. The rape and violence inflicted upon her are not just an attack on one individual but an attack on the dignity, safety and rights of all women and children in our community.

## **OUR DEMANDS:**

**1. Swift Investigation & Arrest:**

We call on law enforcement agencies to prioritize this case , conduct a thorough investigation and ensure the immediate arrest of the perpetrator(s). We call on removal of the current investigating officer and appoint an experienced investigating officer from FCS Special Unit.

**2. Fair & Speedy Trail:**

We urge the justice system to ensure a fair and transparent but expedited legal process to hold the guilty accountable.

**3. Maximum Sentence:**

We demand the harshest possible punishment under the law for perpetrator(s) to serve as a strong deterrent against Gender-Based Violence.

**4. Support For The Survivor:**

We further demand for medical, psychological and legal support for Cwecwe to aid in her recovery and reintegration.

**5. Stronger Policies & Protection:**

We urge the government, the juries and relevant authorities to strengthen policies addressing Gender-Based Violence. Improve the safety measures at Matatiele schools and surrounding areas.

**6. Failure on Demands:**

We will approach a higher court (Supreme Court of South Africa)

**WHY THIS MATTERS:**

Rape and Gender-Based Violence continue to plague our communities and the justice system must be swift, decisive and uncompromising. No woman or children should live in fear. No perpetrator(s) should escape accountability. This case must set a precedent that our legal system will not tolerate violence against women and children.
