

I-NMBM izibophelele ekunciphiseni iNkunkuma eQinileyo kaMasipala (Municipal Solid Waste) (MSW) elahlelwa etiphini kunye nenkunkuma yemathiriyeli engenaxabiso. I-NMBM ijolise ekwenzeni oku ngokuphumeza iProjekthi ehlanganisiweyo yoPhononongo lokunoKwenziwa lwamaThuba oTshintsho kunye nokuLungiswa kweMathiriyeli eKrwada kwiNkunkuma eQinileyo okunoncedo oluninzi kuMasipala.

IProjekthi kucingelwa ukuba iza kuba nezigaba ezibini:

ISigaba soku-1 sinokuphuhlisa kwe "Sakhiwo esiyoMfuneko": I-MRF kunye nesakhiwo seSikhululo sokuDlulisa iNkunkuma (Refuse Transfer Station) (RTS).

ISigaba sesi-2 sinokwakhiwa "kweNdawo yeNkunkuma". I "Ndawo yeNkunkuma" ligama elisetyenziswe ukuchaza iSibonelelo esiHlangeneyo soLawulo lweNkunkuma nemiThombo esimi kwisiza esinye somhlaba, esenzelwe ukufumana, ukuphatha, ukusebenza, ukudlulisa, ukulungisa kunye nokufumana imithombo kunye namandla aluncedo avela kwinkunkuma.

Ngowe-14th Disemba 2015 iBhunga le-NMBM lagqiba ekubeni liqalise iinkqubo ezisemthethweni zokuphunyezwa kweProjekthi yoPhononongo lokunoKwenziwa lwamaThuba oTshintsho kunye nokuLungiswa kweMathiriyeli eKrwada kwiNkunkuma eQinileyo oko kusenziwa ngesisombululo seNtsebenziswano kaRhulumente-neyabuCala (Public-Private-Partnership) (PPP) kunye nokungena kwisivumelwano sexesha elide (>ama-20 eminyaka) sokufunwa okanye sokukhutshwa kweenkonzo neQabane lobuChwepheshe elizinzileyo kule projekthi. Ezi Mfuneko zomThetho zilandelayo ke ngoko zibaluleke kakhulu ukuba kubanjelelwe kuzo ngexa leenkqubo zeprojekthi:

NgokomThetho woLawulo lweMali kaMasipala (Municipal Finance Management Act) [MFMA] (UmThetho oyiNombolo yama-56 ka-2003):

- ICandelo lama-33 kunye neCandelo le-120 afuna ukudibana noluntu kunye nabantu abanomdla ngokuphathelene nekontraki ecetywayo kunye neNtsebenziswano kaRhulumente-neyabuCala

NgokomThetho weNkqubo zikaMasipala (Municipal Systems Act) [MSA] (UmThetho oyiNombolo yama-32 ka-2000) (njengoko utshintshiwe):

- ICandelo lama-78 lifuna isaziso kunye nokudibana noluntu kunye nombutho wabasebenzi ngeendlela zangaphandle ezicetywayo zolungiselelo lwenkonzo

NgokomThetho woLawulo lokusiNgqongileyo weSizwe (National Environmental Management Act) [NEMA] (UmThetho oyiNombolo ye-107 ka-1998) (njengoko utshintshiwe) kunye neMimiselo ye-EIA (2014):

- UkuDibana noWonke-wonke kwenza inxenye engundoqo yenkqubo yoGunyaziso lokusiNgqongileyo
  - Iinkqubo zokuNika iNgxelo yokusiNgqongileyo efunekayo iya kuqaliswa ngokuhamba kwexesha
- Kungesi sizathu ke i-NMBM iqhuba iNkqubo yoThabatho Nxaxheba lukaWonke-wonke ukuze kuzalisekisewe iimfuneko zomthetho.

Ngendlela yesi saziso, uluntu lunikwa ithuba lokungenisa imibono kunye nezimvo zalo. Iintlanganiso zikaWonke-wonke zicetywe ngokweenkukacha ezinikwe ngezantsi.

#### **INTlanganiso zikaWonke-wonke #1: KwiHolo yeSixeko yaseBhayi**

**Indawo: KwiHolo yabaPhulaphuli enguNdoqo (kwiinqanaba elisezantsi lomgangatho)**

**eVuyisile Mini Square**

**Umhla nexesha: 16 March 2016**

**18:00 – 20:00pm**

#### **INTlanganiso kaWonke-wonke #2: ETinarha**

**Indawo: KwiHolo yeDolophu yaseTinarha**

**eMarket Street**

**Umhla nexesha: 15 March 2016**

**18:00 – 20:00pm**

Nayiphi na imibuzo ebhaliweyo inokuswa nge-imeyile kuMcebisi ngeTranseksini, u-Lindsay Strachan [NMBM.Waste.Project@rhdhv.com](mailto:NMBM.Waste.Project@rhdhv.com) okanye ifeksi 031 717 5505.

Die NMBM is verbind tot die vermindering van Soliede Munisipale Afval (SMA) wat na stortingsterreine verwyder word en tot die veredeling van afval. Die NMBM stel homself ten doel om dit te verwesenlik deur die implementering van 'n geïntegreerde Afvalherleidings- en Veredelingsprojek wat verskeie voordele vir die Munisipaliteit inhou.

Daar word beoog dat die Projek uit twee fases sal bestaan:

Fase 1 behels die ontwikkeling van die "Ondersteunende Infrastruktuur": MRF en Vullisoordrastasie (RTS) infrastruktuur.

Fase 2 behels die oprigting van 'n "Afvalpark". 'n "Afvalpark" is 'n begrip wat gebruik word om 'n geïntegreerde Afval- en Hulpbronbestuursaanleg te beskryf wat op 'n enkele stuk grond geleë is en ontwerp is om nuttige hulpbronne en energie te herwin uit afval wat ontvang, hanteer, verwerk, oorgedra en behandel word.

Op 14 Desember 2015 het die NMBM-raad besluit om afgekondigde prosesse te onderneem vir die implementering van 'n Afvalherleidings- en Veredelingsprojek deur 'n oplossing wat 'n Openbare-Private-Vennootskap (PPP) behels en om 'n langtermyn (>20 jaar) verkrygingsooreenkoms met 'n gevestigde Tegniese Vennoot vir die projek aan te gaan.

Dit is dus van die uiterste belang dat daar tydens die projekprosesse aan die volgende Wetgewende Vereistes voldoen word:

Wet op Plaaslike Regering: Munisipale Finansiële Bestuur [MFMA] (Wet 56 van 2003):

- Artikel 33 en Artikel 120 vereis oorlegpleging met die gemeenskap en belangstellende persone met betrekking tot die beoogde kontrak en Openbare-Private-Vennootskap.

Wet op Plaaslike Regering: Munisipale Stelsels (Wet 32 van 2000) (soos gewysig):

- Artikel 78 vereis kennisgewing en oorlegpleging met die gemeenskap en georganiseerde arbeid vir beoogde eksterne meganismes vir diensverskaffing.

Nasionale Wet op Omgewingsbestuur [NEMA] (Wet 107 van 1998) (soos gewysig) en die OIE-regulasies (2014):

- Openbare Oorlegpleging maak 'n integrale deel van die Omgewingsmagtigingsproses uit.
- Die vereiste prosesse met betrekking tot Omgewingsverslagdoening sal met verloop van tyd onderneem word.

Derhalwe onderneem die NMBM 'n Openbare Deelnameproses ten einde aan die wetgewende vereistes te voldoen.

By wyse van hierdie kennisgewing word die publiek die geleentheid gegun om opinies en kommentaar in te dien. Openbare vergaderings word beplan, waarvan die besonderhede hieronder verskaf word:

#### **Openbare Vergadering #1: Port Elizabeth Stadsaal**

**Plek: Hoofouditorium (kelderverdieping)**

**Vuyisile Miniplein**

**Datum en Tyd: 16 Maart 2016**

**18:00 – 20:00nm**

#### **Openbare Vergadering #2: Uitenhage**

**Plek: Uitenhage Stadsaal**

**Markstraat**

**Datum en Tyd: 15 Maart 2016**

**18:00 – 20:00nm**

Enige skriftelike navrae kan per e-pos gerig word aan die Transaksie-adviseur, Lindsay Strachan [NMBM.Waste.Project@rhdhv.com](mailto:NMBM.Waste.Project@rhdhv.com) of per faks na 031 717 5505.

**Public Notice**  
**Municipal Solid Waste Diversion and Beneficiation Opportunities at the NMBM**

The NMBM is committed to minimising Municipal Solid Waste (MSW) disposed to landfill and beneficiating waste. The NMBM aims to achieve this through implementing an integrated Waste Diversion and Beneficiation Project which has several advantages to the Municipality.

The Project is envisaged to comprise two phases:

Phase 1 comprises the development of the “Enabling Infrastructure”: MRF and Refuse Transfer Station (RTS) infrastructure.

Phase 2 comprises the construction of a “Waste Park”. A “Waste Park” is a term used to describe an integrated Waste and Resources Management Facility located on a single plot of land, designed to receive, handle, process, transfer, treat and recover useful resources and energy from waste.

On the 14th December 2015 the NMBM Council resolved to undertake legislated processes for implementation of a Waste Diversion and Beneficiation Project through a Public-Private-Partnership (PPP) solution and enter into a long-term (>20 years) procurement agreement with an established Technical Partner for the project.

The following Legislative Requirements are therefore of utmost importance to be adhered to during the project processes:

In terms of the Municipal Finance Management Act [MFMA] (Act No. 56 of 2003):

- Section 33 and Section 120 require consultation with the community and interested persons with regard to the proposed contract and Public-Private-Partnership

In terms of the Municipal Systems Act [MSA] (Act No. 32 of 2000) (as amended):

- Section 78 requires notification and consultation with the community and organised labour for proposed external mechanisms for service provision

In terms of the National Environmental Management Act [NEMA](Act No. 107 of 1998) (as amended) and EIA Regulations (2014):

- Public Consultation forms an integral part of the Environmental Authorisation process
- The required Environmental Reporting processes will be undertaken in due course

It is for this reason that the NMBM is conducting a Public Participation Process in order to fulfil the legislative requirements.

By way of this notice, the public is offered an opportunity to submit views and comments. Public meetings are planned as per the details provided below.

**Public Meeting #1: Port Elizabeth City Hall**

**Venue: Main Auditorium (basement level)**

**Vuyisile Mini Square**

**Date and time: 16 March 2016**

**18:00 – 20:00pm**

**Public Meeting #2: Uitenhage**

**Venue: Uitenhage Town Hall**

**Market Street**

**Date and time: 15 March 2016**

**18:00 – 20:00pm**
