SUPPLY AND INSTALL GAUGE MICRO-ION FLANGE ON ICP-MS

- Bidders are invited to supply and install a Gauge, Micro – Ion w/New Flange into an existing ICP-MS unit.
- The part must be supplied with its accessories.
- The unit is used to determine levels of heavy metals in water and wastewater.
- The quote must cover all costs.
- Bidders submitting quotes must be able to supply and install the items,
- Acceptance of invoices and payment processing will be done on goods received or services rendered.
- Bidders must be able to provide a letter of authorization by the manufacturer to supply and support the unit.
- Due to the critical nature of this equipment, the engineer doing installation must be factory trained and certified by the manufacturer and proof will be required when necessary.

MINIMUM REQUIREMENTS

1. The bidder must attach an authorization letter with the manufacturer's letter-head for support to the system.
2. The bidder must attach a certificate for the service engineer by the manufacturer.

Failure to upload the above before tender closing date will deem the bidder non-responsive.
